Tension

Tension is not critical for this design

*Please Note:

- Parts of this design use the mosaic knitting technique, therefore the colour work is created by knitting and slipping stitches, so you will only ever work one colour across each row. The colour you should be using will be marked at the beginning of each row in the following fashion: *"Row 1: Yarn A …."*
- When you are working on this technique ensure that you move yarn to back of work before you Slip stitches.
